

SATIN 1 Champagne-TiN

Materials

Stainless Steel AISI 430, AISI 304, AISI 316, AISI 316L, AISI 2205, AISI 316Ti

Finishes

Longitudinal, Perpendicular

Dimensions

Width: max. 2.000 mm | Length: max. 6.000 mm | Thickness: max. 30 mm

Specifics PVD / TiN-coating

- PVD/TiN-coating can be applied on face- and reverse-side
- Project related customized designs and colours are possible (subject to quantities)
- Own, state-of-the-art coating plant operated by highly experienced team of staff
- LAB-colour values of each sheet are recorded, thus maximum reproducibility
- Design also possible **on both sides**
- Various basic finishes are possible, also perforated material and others
- Sufficient production capacities guarantee the fastest possible delivery

All finishes will be supplied with a PVC-lasercoating providing protection during further handling and fabrication.

REDEFINING SURFACES

SATIN 1 Champagne-TiN

Specifics SATIN 1 Finish

- Large selection of grinding patterns from very fine to very coarse
- Production according to customer specifications possible:
Ra-grit polishing and other grit-polished finishes
- Values such as gloss and roughness of each sheet are recorded
ensuring maximum reproducibility
- Design also possible **on both sides**
- Various qualities are possible
- Sufficient production capacities guarantee the fastest possible delivery service
