

CROSS R11

Materials

Stainless Steel AISI 430, AISI 304, AISI 316, AISI 316L, AISI 2205, AISI 316Ti
Brass, Aluminium, Titanium

Finishes

- 36 – 800 grain
- also possible as a Duplo finish

Dimensions

Width: max. 2,000 mm | Length: max. 8,000 mm | Thickness: max. 30 mm

Specifics

- Large selection of various polishing grits from very fine to very coarse
- Production according to customer specifications possible:
Ra-grit-polishing and other grit-polishing
- Values such as gloss and roughness of each sheet are recorded
guaranteeing maximum reproducibility
- Design also possible **on both sides**
- Various grades are possible, also materials such as aluminium and others
- Sufficient production capacities guarantee the fastest possible delivery service

All finishes will be supplied with a PVC-lasercoating providing protection during further handling and fabrication.
